32 Datasets
to Uplift your Skills in Data Science

Find out the age of Abalone from physical measurements

Predict student knowledge level

Can you predict the price of a house?

Can you estimate location from WIFI signal strength

Predict acceptability of a car

Predict seminal quality of an individual

Estimate chance of bankruptcy from qualitative parameters by experts

Can you predict the fuel-efficiency of a car?

Was that chest pain an indicator of a heart disease

Predict total number of demand of orders

Find out if a donor will give blood in March 2007

Forecast pollution level of a city

Will the patient survive for at least one year after a heart attack

Estimate compressive strength of concrete

Discover patterns relating liver disorder and alcohol consumption

Predict which stock will provide greatest rate of return

Assess heating and cooling load requirements of building

Determine the type of glass using oxide content

Predict chance of survival

Find patterns from spending data at wholesale

Group similar travel reviews

Relate returns of Istanbul SE with other international indices

Predict bike rental count based on the environmental settings

Detect Room Occupancy through Light, Temperature, & CO2 sensors

Estimate whether a person's income exceeds $50K/year

Coronavirus (COVID-19) Dataset

Detect Autistic Spectrum Disorder (ASD) Cases

Estimate the probability of Default

Predict if a note is genuine

Find a short term forecast on electric consumption of a single home

46K
On social networks Predict the number of shares

Amazon Product Reviews Data
